Re: Docket No. 00-0310, Collection of Electric Reliability Information

Dear Ms. Caton:

Response by Letter

On April 26, 2000, the Commission entered an order for Docket No. 00-0310 requesting Central Illinois Light Company and other Illinois utilities to provide certain historical information relating to interruptions in electric service, and other information as to projected costs of complying with certain proposed standard for the reliability of electric service. The Commission amended this Order for information on June 27, 2000. In response to the Motion to Extend Deadline filed by the Utilities in this proceeding, the Commission extended the deadline for the filing of information required by Appendices IV and V until October 26, 2000.

Central Illinois Light Company respectfully submits its filing of Appendices IV and V, in compliance with the Commission's Amendatory Order dated June 27, 2000.

If you have any questions, please call me at (309) 677-5483.

Sincerely yours,

Laurie Greenleaf
